

WIFE TOO ILL TO WORK IN BED MOST OF TIME

Her Health Restored by Lydia E. Pinkham's Vegetable Compound.

Indianapolis, Indiana. — "My health was so poor and my constitution so run down that I could not work. I was thin, pale and weak, weighed but 109 pounds and was in bed most of the time. I began taking Lydia E. Pinkham's Vegetable Compound and five months later I weighed 133 pounds. I do all the housework and washing for eleven and I can truthfully say Lydia E. Pinkham's Vegetable Compound has been a godsend to me for I would have been in my grave today but for it. I would tell all women suffering as I was to try your valuable remedy." — Mrs. Wm. Green, 332 S. Addison Street, Indianapolis, Indiana.

There is hardly a neighborhood in this country, wherein some woman has not found health by using this good old-fashioned root and herb remedy.

If there is anything about which you would like special advice, write to the Lydia E. Pinkham Medicine Co., Lynn, Mass.

Didn't Think Much of Pa's Job. Shortly after Sir Edward Carson had relinquished the post of solicitor general he was speaking of the methods of examining candidates for the service and told the following story: "I had a son that went through that ordeal and when it was over asked him what had been said to him.

"A lot of rot!" he replied. "They asked me if my father was the solicitor general and when I said that he was they asked me why I didn't follow in his footsteps. I told them that I might take that up after I had failed at this job."

STATE OF South Carolina Department of Agriculture, Commerce and Industries, Bureau of Marketing. E. J. WATSON, Commissioner A Weekly Bulletin of Information

Western Newspaper Union News Service

A young woman in Saluda county this week writes: "You have sold my pigs, now sell my fine young Jersey cow." The Bureau is going to do its best to obey orders. Another farm woman up in Spartanburg county writes: "The Bureau is invaluable, but I have not found a Grandfather clock yet." The Bureau being very young is finding it difficult to get the Grandfather clock, but surely somebody must have one that they want to sell—and the wants of the women on the farm must be met.

This week offerings of clover seed from the new crop are beginning to come in and it is noteworthy that of the clover seed listed the majority of the offerings are from women farmers.

This week the offerings and wants are now more diversified than ever before, even peatowls and magnolia blooms now figure in the list and one woman outside the State has asked the Bureau to dispose of two pairs of solid gold rimmed eyeglasses for her. She had read of the effectiveness of the South Carolina Bureau and wrote from her home in the city of an adjoining state. Of course the request cannot be complied with, but it illustrates the fact that the individual in need sees the value of such a service.

Now that the planting season for cowpeas is at hand and the supply of seed is so abundant there is every indication that the greatest acreage in cowpeas ever known in South Carolina is going to be planted and since the publication of the Department's bulletin on "Farming the Air with the Cowpea," No. 37, has been issued giving the results of last year's work numerous calls for nitroculture at 40c a bottle delivered to be used in inoculating cowpeas, are being received. The Department is in a position to furnish the fresh cultures immediately upon receipt of orders, and if the experience of such men as Mr. Gerety of Charleston, and scores of others whose names are given in the bulletin is worth anything, general advantage will be taken of the opportunity to get a more luxuriant pea crop and store more nitrogen in the soil than heretofore.

INTERNATIONAL SUNDAY SCHOOL LESSON

(By E. O. SELLERS, Acting Director of Sunday School Course of the Moody Bible Institute, Chicago.)
(Copyright, 1916, Western Newspaper Union.)

LESSON FOR JUNE 4.

THE CALL OF THE WEST.

LESSON TEXT—Acts 15:36; 16:15.
GOLDEN TEXT—Come over into Macedonia and help us.—Acts 16:9.

Following the commission's report at Antioch of the decision of the Jerusalem church, Paul and Barnabas and others continued their evangelism in that city (ch. 15:35). These leaders soon felt the need of revisiting the scenes of their former labors (v. 36), but when it came to the organization of their party, Paul refused to accede to the decision of Barnabas that John Mark should accompany them (vs. 37, 38, see Acts 14:13). So sharp a contention arose that two parties were organized. That Paul later forgave Mark is evidenced by his tender references to him.

I. A Closed Door. Ch. 16:1-8. Paul's companions for this second missionary tour were Silas (15:40), Luke (see use of word "we," v. 13), and Timothy (v. 13). The latter came of good ancestry, had good training and was of good report, still to avoid contention he submitted to the rite of circumcision. Paul's work was to promulgate the Jerusalem decree, to establish or to confirm the churches and to add to these churches new converts. But that did not entirely fulfill Paul's commission (9:15). The word "Asia" (v. 6) means the Roman province of Asia and, wisely obeying the Spirit's direction, Paul passed on until he came to the seaport town of Troas. At a later time Paul spoke the "word of the Lord Jesus" in Asia with wonderful effect (19: 1, 8, 19, 26, 27). It must have burned within the bones of Paul thus to be restrained, but it did not serve as an excuse for him to take a vacation, but rather to seek new fields wherein to preach. Thus he came to Troas.

II. The Macedonian Call. v. 9-13. Paul had several epoch-making visions; on the Damascus road (9:3, 4 and 26:19); in Jerusalem (23:11); at the time of his shipwreck (27:23); and the one we are now considering. A vision is a knowledge of the need and of the resources at one's command. Grecian beauty, philosophy, art and culture needed Christ. Christ as a resource was adequate and available to supply that need. This vision Paul saw: through it God called him to Macedonia. "We" (the first use of that pronoun in the book of Acts), Paul and Luke, immediately essayed to obey.

III. The Open Door, v. 14, 15. On what seeming trifles does history turn! An outcast wandering Jew coming to help a proud, cultured, influential foreign city, but he bears the Gospel which alone can be of help to them. Paul did not wait to "investigate the field" nor to establish a working organization. He knew a better point of contact, and that was to find those in that city who knew God even though ignorant of Christ. He began by preaching Jesus, not comparative religions, nor did he seek to found "community centers" with soup kitchens and social uplift. Paul knew that to elevate the individual by establishing him in the faith of Christ would soon result in community uplift. On the other hand, a faith which evaporates in words and does not give tangible, concrete evidence in works may well be challenged as to its being genuine. There was no supernatural direction as to what part of Macedonia Paul was to visit, and exercising his common sense, Paul went at once to the principal city. He did not begin at once to preach the Gospel (v. 12 R. V.), but waited and watched for an opportunity, doubtless praying much for a favorable opening (Ch. 13: 14; 17:2; 18:4).

The "man of Macedonia" seems to have been a woman unless we consider the Philippian jailor. This open-air meeting was one of the most notable in history. The Lord opened the heart of pious Lydia and it was the turning point of the evangelization of Europe and America and the world. God must open the hearts of men and women (John 6:44, 45; Eph. 1:17, 18; Luke 24:45), and this he is willing and glad to do. The steps of this woman's conversion are clearly marked and present a good type. (1) She went out to pray (v. 13). (2) She heard the word (v. 13, 14; see also John 5:24). (3) She had her heart opened by the Lord (v. 14). (4) She "gave heed to the things which were spoken" (v. 13 and Mark 16:16). (5) She made public confession of her newly-found faith by baptism.

(6) She carried with her the whole household, perhaps children, workers in her business and servants (v. 31-33; 1 Cor. 1:16).

The use of the word "constrained" in verse 15 indicates a heart hunger to be helped by being allowed to serve. The Philippian church often helped Paul subsequently and doubtless Lydia was a leading spirit in such service. The history of the Christian church relates many illustrations of the leadership and prominence of women of wealth and culture.

"Let's go down to the creek and have a swim," suggested Henry.

"Can't," said George. "I've been put out here to mind Aunt Sallie's and Aunt Hattie's children."

Henry looked around wondering. There were no children in sight.

"Where are they?" he asked.

"Blamed if I know," said George.
